

ERATH

WINERY

the Art of Pinot

Erath, the original winery of the Dundee Hills, has played a major role in creating Oregon's wine industry and solidifying its reputation as a world class wine region. As the winery enters its fourth decade of winemaking, Erath remains committed to crafting exceptional Pinot Noir that reflects the rich history of the brand and the prestige of the region.

Dedicated to producing world class Pinot Noir available across all price points, Erath offers three distinct styles of Pinot Noir. The Oregon Pinot is designed to highlight the varietal's best characteristics, the Estate Selection Pinot Noir highlights the vintage's best vineyard sites, and the single-vineyard Pinots showcase the distinctive characteristics of their respective growing sites. The winery also produces cool-climate Pinot Gris and Pinot Blanc.

VINEYARDS Erath wines are crafted from a wide variety of vineyards in the Willamette and Umpqua Valleys and the Dundee Hills Appellations. Each vineyard is unique in climate, elevation and soil structure. Key vineyard sources in the Dundee Hills include Prince Hill, Niederberger, and Knight's Gambit vineyards. The volcanic-based, red Jory soils are predominate in these growing areas and give the wines their distinctive aroma and flavor profiles, and elegant, age-worthy structure that define Pinot Noir from Oregon.

Sourcing from a diverse range of vineyard sites allows Horner to craft the perfect blend. He strongly believes in building and maintaining long term relationships with growers to further guarantee optimal quality year in and year out.
